May 26 – Pastor Peter Goerzen

The April birthday party was held Tuesday, April 20, for those residents celebrating April birthdays. Cakes were furnished by the Whitewater Happy Hour Club. Those residents celebrating birthdays this month are Dorothy Carter, Billy Ball, Bernice Hiebert, Vicki Eads, Susan Thiessen, Gladys Luce, Jean Dickerson and Carroll Taylor. The birthday party is held on the third Tuesday of every month. Those with birthdays during that month are recognized. We invite you to come and celebrate with the residents.

Residents of Sunflower Lane enjoyed a cookout with hotdogs, hamburgers, potato salad, baked beans and ice cream sundaes on Tuesday, April 20. During the week, they planted flowers in the containers outside the facility.

We are pleased to announce that things will soon begin to look different in Sunflower Lane. Plans for the remodeling project include the addition of four (4) rooms on the north end of Hall 1 and additional room will be created for socializing and activities. There will also be a private courtyard for outdoor activities.

Welcome to Prairie, our facility cat. Prairie is the friend of one special resident but likes to venture out and see what is happening in other places. He is very quiet except for the little bell on his collar. He spends his days at the Manor and his nights at the home of the activity director.

Medicare A services, also known as Skilled Care, is available at the Manor. This includes providing care for those recovering from pneumonia, fractures, strokes and other health issues that required hospitalization. We accept patients as soon as they are discharged from the hospital so they may continue their recovery with us until they are strong enough to return to their home.

We provide therapies in physical, occupational and speech on a daily basis or as often as prescribed by the primary care physician. Outpatient therapies may be scheduled with our therapy provider. For more information, call our admission coordinator.
